

# Information Spare Part Kits

## Introduction

The BROMMA spreaders consists of a huge number of different parts. In developing the handling of spare parts and ensuring shortest possible downtime, BROMMA has released 14 spare part kits. These kits consists of parts that by statistic are often replaced and parts that should be replaced together. BROMMA intentions is to release some more kits during year 2005.

## Why spare part kits?

- Easier to order (Only one article No.)
- Faster deliveries. (prepacked kits at Bromma stores).
- Increased quality. (Includes the parts that should be replaced together).
- Easy to replace. (Includes a detailed assembly instruction).
